SUMMARY

Computer Science student focused on full-stack development, Python programming, and object-oriented software design. Passionate about building scalable applications and applying real-world engineering concepts in projects.

EXPERIENCE

Turn-Based Combat Game (Python OOP)

Personal Project

Software Development Project

2026

- Built a Python RPG game with 3 core systems (combat, progression, enemy logic) improving structured gameplay flow
- Reduced code duplication by organizing 5+ interconnected classes using object-oriented design
- Implemented 4 OOP principles (inheritance, polymorphism, encapsulation, abstraction) across the system
- Created a fully playable turn-based system with 10+ interaction states per combat cycle

Kemet Legacy Website

University Project

Front-End Developer (Team Project)

2025

- Collaborated in a 4-member team to deliver an 8-page academic history website project
- Built a responsive Egyptian Museum page using HTML and CSS as part of assigned module
- Ensured UI consistency across 8-page multi-section website
- Delivered assigned tasks with 100% completion within project deadline

Flore Haven (CS50x Final Project)

Harvard CS50x

Full-Stack Web Developer

2025

- Developed a full-stack e-commerce web application with 5+ functional pages
- Implemented product catalog, browsing system, and order workflow across 3 core modules
- Completed project within 14-day development cycle as final CS50x submission
- Applied backend and database concepts from 10+ CS50x assignments

EDUCATION

Capital University

2025 – 2029

Bachelor of Computer Science (Expected)

Giza, Egypt

- GPA: 3.0/4.0
- Relevant coursework: Data Structures, Algorithms, OOP, Databases
- Certifications: CS50x Harvard, Google Git & GitHub, IBM Web Development Basics

SKILLS

- **Programming Languages:** Python, JavaScript, HTML, CSS, SQL, C
- **Core Concepts:** Object-Oriented Programming, Data Structures, Algorithms, Full-Stack Development
- **Tools:** Git, GitHub, VS Code
- **Soft Skills:** Problem Solving, Team Collaboration, Communication, Time Management, Adaptability, Critical Thinking
